

## Privacy Standards

---

### 1: Least-Private

These options are printed on clear film and create a transparent decorative effect.

---

### 2: Semi-Private

These options are printed on clear film and provide a translucent "semi-private" decorative effect.

---

### 3: Most-Private

These options are printed on etch film and range in varying degrees of privacy. The graphics are not see-through and allow for the transmission of light & shadows.

---

### Note:

Privacy level is contingent upon lighting and proximity of objects to film.  
Please request a sample to determine the best privacy level for your space.
